In the spaces below, please print the lettering that you want to have engraved on your brick. You can have up to 18 letters, spaces, and/or punctuation marks on each of the three lines.

(We suggest you use a scrap piece of paper to make sure your wording will work before putting it on this order form in ink. Brick will have all CAPITAL letters.)

The cost of each brick is \$100 unless you are honoring a person currently in the military or a military veteran and wish to add a flag insignia to the engraving for an additional \$5 which would mean your brick would cost \$105. Please check one of the boxes below.

I am ordering a standard brick – cost \$100

I am honoring a military person and am paying the extra \$5 for the flag – cost \$105

Payment must be made at time of ordering. Please pay one of the town’s cashiers. She will give you a copy of the order and a receipt for your payment.
